EXPERIENCE

Lead Full Stack Developer

El Gato y La Caja | 2017 - Present

First technical hire. Scaled digital infrastructure from a basic blog to a complex ecosystem serving 240k+ users.

- **Venture Capital Platform (GridX):** Architected the central digital hub for LatAm's largest biotech builder. Built a scalable i18n system and a dynamic portfolio engine managing data for 90+ startups.

- **Headless Architecture Migration:** Led the complete migration from WordPress to Next.js (App Router). Implemented Incremental Static Regeneration (ISR) to reduce hosting costs and improve SEO.

- **Membership Platform ("Bancantes"):** Architected a subscription system for 1,500+ users with an automated **Inflation Shield** that adjusts prices quarterly based on CPI API.

- **E-commerce Middleware:** Built a custom bridge for **Tiendanube** to enable virtual bundling, pre-sales, and automated gift card generation.

- **Data Journalism:** Developed WCAG 2.1 AA compliant interactive visualizations using D3.js and React.
